

The First Medical group Across the Taiwan Strait

Becoming a Role Model of Healthcare Industry in Asia.

Landseed Philosophy

WHAT

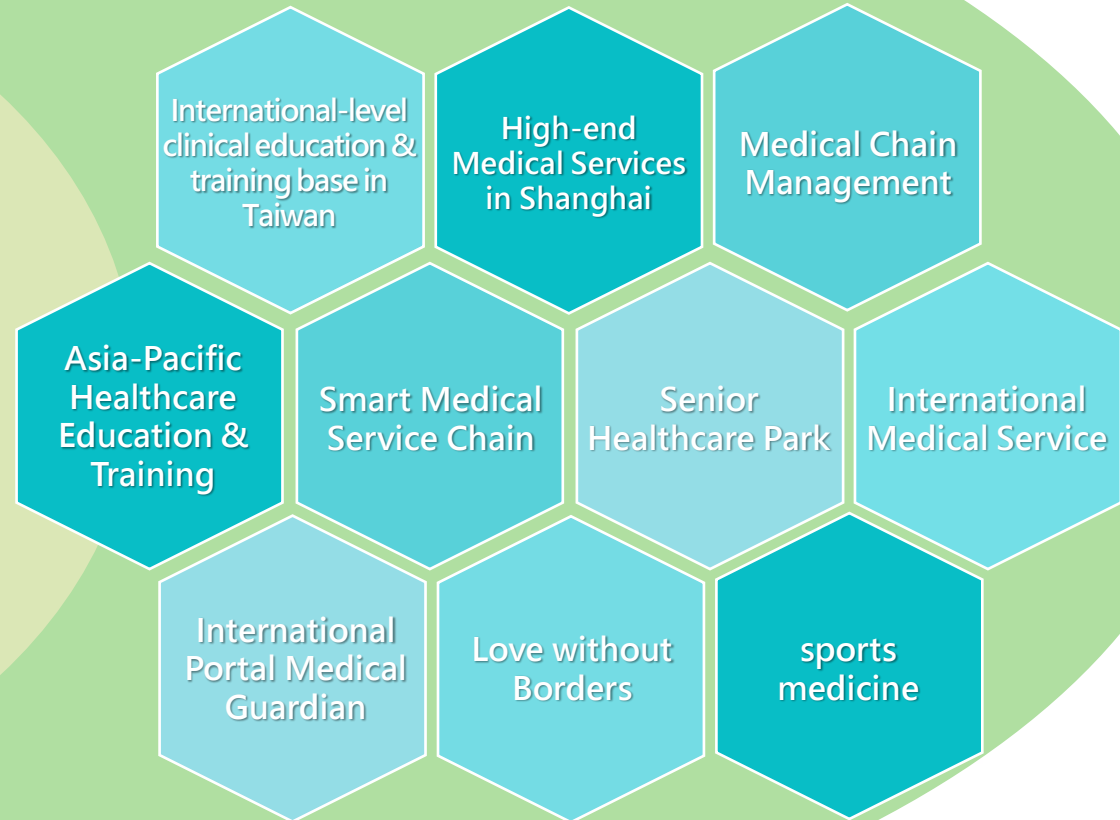

Become a great partner for health industry.

HOW

Establish “hospital without boundaries” to provide holistic health care model.

WHY

We firmly believe that everyone has an equal right to quality healthcare.

CEO's message

To be a doctor can save 100,000 people's lives.

To build a medical institution can save
1,000,000 people's lives.

To devote to community medical care can save
10,000,000 people's lives.

CHA 李耀祺

Chief Executive Officer

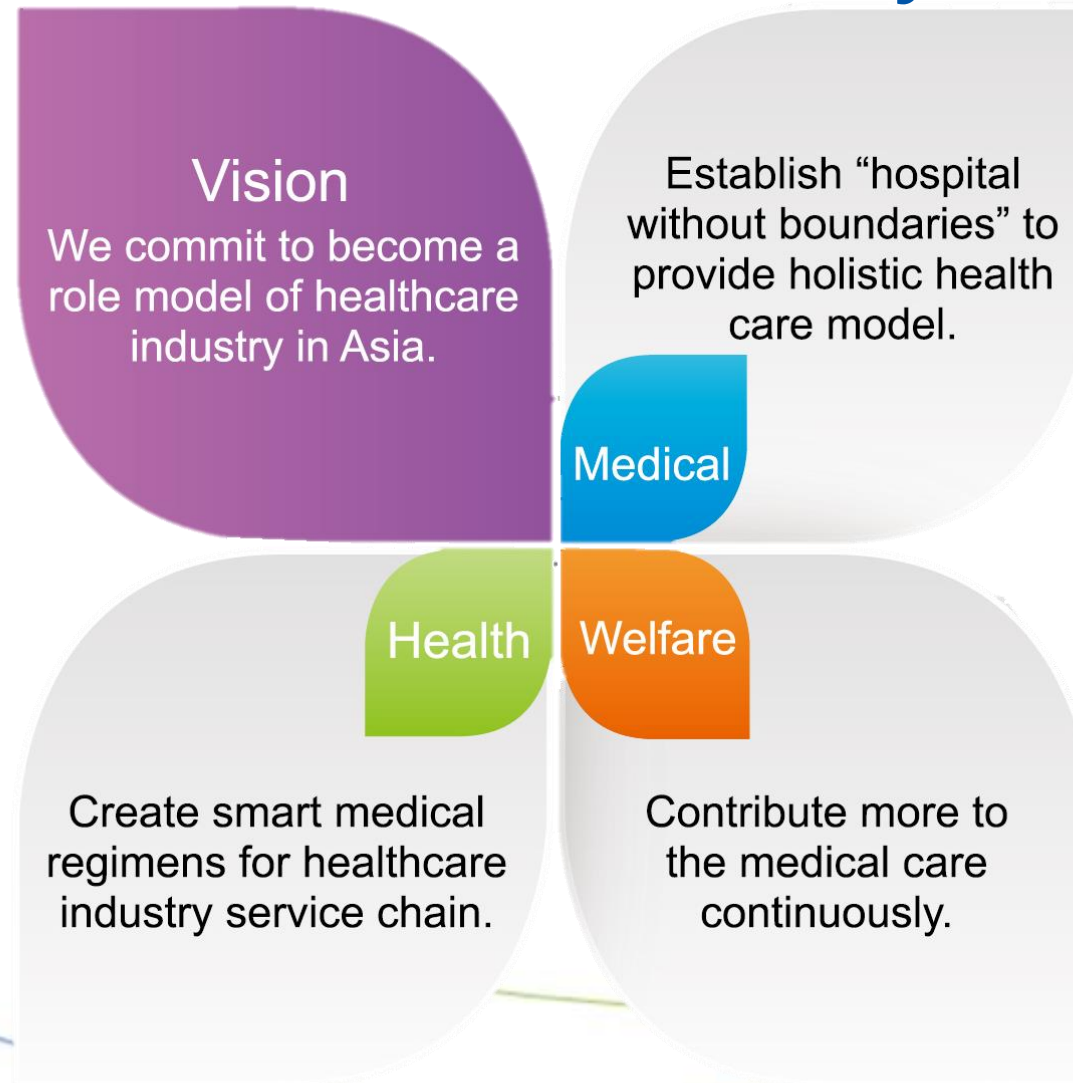

A wide-angle shot of a modern hospital corridor. The corridor is curved, with large windows on the right side offering a view of greenery outside. The ceiling is white with recessed lighting. Several framed posters are hanging from the ceiling. The floor is light-colored with a blue stripe along the edge of the railing. Decorative plants with orange lanterns are placed along the railing.
